Every year, 250 young Swiss living abroad have an incredible time in their home country and get to know Swiss culture. We fondly remember the breathtaking mountain landscapes, swimming in one of the many lakes, and the new friendships.

Of course, the OSA summer will be no less exciting in 2019. Whether it's a cozy evening by the campfire with chocolate campfire banana boats, Swiss culture in the Alps, visiting the Swiss Parliament Building or various Swiss cities, one thing's for sure: we've created a diverse program that's sure to please. Join us!

Find detailed information in this flyer and on our website at www.swisscommunity.org/youth.

Reserve a space at one of the summer camps. We look forward to having young Swiss abroad with us in Switzerland.

Warm regards,
Your OSA team

**«I'm most excited about
the summer camp where
we get acquainted with
other participants and the
camp leaders who are all
cool, without exception!
We always have a bunch of
activities to keep us busy;
sports and excursions like a
mountain hike with an
overnight stay in a yurt,
that was really awesome!»**
